

**The explanation of patent acquisition goods  
about the sticker to wipe up an anus for a pet  
dog and dispose of feces at the same time.**

**特願2015-209953号**

(This patent was accepted on April 7, 2016)

**Japan-mode Co. Ltd.**

# The way to use the sticker ①

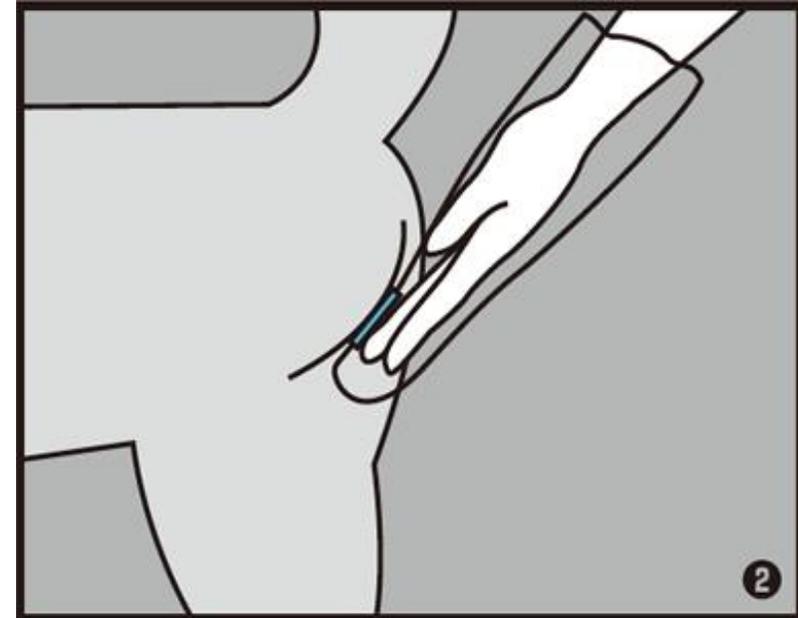

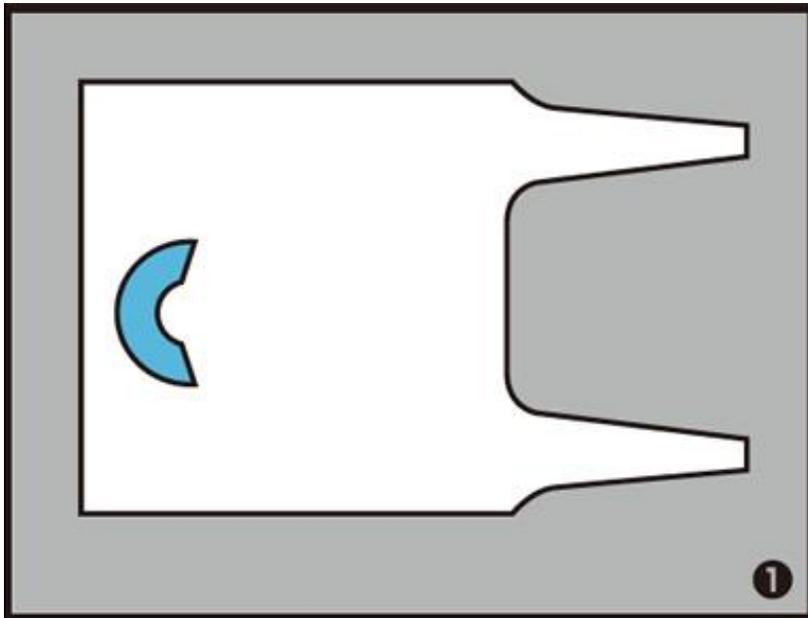

It's stuck on a disposable plastic bag and it's used.

The shape of the sticker and the color are decided freely. The ingredient of resin of a sticker is same as an ingredient of resin of a sponge.

A PCT application can obtain a patent for every country

You stick the sticker on a disposable plastic bag as shown in the figure.

When you put feces of a dog away, you wipe up an anus at a part of the sticker. And you make sure that your finger will touch the sticker over the bag simultaneously with that.

# The way to use the sticker ②

You pick up feces in the ground with it.

You turn over and throw away it.
